GOOD TIMES AND MEMORIES WITH GOUDGE

Ms. Goudreault at three months old.

A graduate of Amherst College, Ms. Goudreault has always had an appreciation for learning.

"Ms. Goudreault has been one of my favorite teachers since my sophomore year. She's so fun and easy to talk to."

- Krista Pickett, '09

Above: Ms. Goudreault is a student favorite because of her lively class discussions and her provocative questions. Right: Bianca Ligus, Goudge and Kate Soja pose at the junior prom.

Dedication

Ms. Paula Goudreault

The Class of '09 Thinks You're Fine!

Each class that graduates from Chicopee Comp has a little something extra that distinguishes it from all the rest. A classroom favorite, Ms. Paula Goudreault has truly made an impression on each member of the class that she advises. An English teacher here at CCHS, "Goudge," as she is affectionately known to her students, does more than just assign homework and correct papers; she really appreciates the symbiotic relationship that she shares with each and every one of her diverse students. As a coach, she is able to offer advice and encouragement to her players in every situation. Not only has Goudge acted as a dedicated advisor and a knowledgeable teacher to the class of 2009, but she has become a friend as well.

In her Pre-Advanced Placement English classes, Goudge is well known for opening each of her lectures with her characteristic, "Before we start, any questions, comments, concerns?" She prefers discussion-based learning to book work and incorporates students' interests into her curriculum. In short, not only do students leave her class knowing just a bit more about grammar than they did upon their arrival, but they also leave with smiles on their faces.

As an advisor to the class of 2009, Ms. Goudreault has truly traveled a unique road. Although the class struggled to maintain a steady set of advisors and has been through quite a few (try five, actually), Goudge has been there for this group of seniors since they first began school here at Comp. She is the first to open her mind to a new idea, yet still values the traditions that Comp students and faculty hold dear. Almost every member of the senior class has shared a laugh—and created memories—with Goudge.

The members of the class of 2009 are truly lucky to be able to have such a well-rounded, enthusiastic and kind advisor to help them toward their big day: June 5th, 2009. Although she will not be receiving a diploma on graduation day, Ms. Goudreault has made an impression on the hearts of all of her students, officers, and athletes. Thank you, Goudge, for all of the memories, but most of all for your kindness; you have been a true friend to the class of 2009 and we will never forget you.

Top: Coach Goudreault supports her players, including Felicia Siclari, through every game. *Bottom:* Always smiling and enthusiastic, Goudge is a familiar face to every member of the Class of 2009.

Above Right: Dr. Chelte works on correspondence from her home.

The Class of 2009 would like to take a moment to appreciate two outstanding teachers who have changed the way students understand and learn here at Chicopee Comprehensive: Mr. Steven Brown and Dr. Judith Chelte.

Mr. Brown has taught various courses such as English 12, Journalism and Theater Arts. Until the fall of 2007, his name was synonymous with the CCHS *Memini*. Although he is now a literacy coach, Mr. Brown's hard work and dedication to the yearbook will never be forgotten. We thank him for passing along the "tricks-of-the-trade" and information that is used each year to help make the *Memini* a success.

Dr. Judith Chelte has been a familiar face to Comprehensive students and alumni for over thirty years. She has won several awards for her teaching.

Dr. Chelte is not only the sole teacher of AP English 1 and 2, but also the head of the department. Krista Pickett and Kristina Siclari, both AP English 2 students feel that "Dr. Chelte has prepared us for college english. As a teacher, she has taught us to 'read between the lines' and how to analyze an author's style." She is a kind and caring person who goes above and beyond to help and guide her students in the right direction. Dr. Chelte is truly an inspiration to all at Chicopee Comprehensive.

How It All Began

In the beginning, we all came from different backgrounds; some from Chicopee, others from elsewhere. In the end, we all came together as the class of 2009.

Some of us went to elementary school together and have known each other for most of our lives. Some of us did not meet until we were in high school. Nevertheless, we all became one as the class of 2009.

WHERE IT ALL STARTED...

Freshman Year

Freshman year is said to be a terrifying time by upperclassmen attempting to run us newbies off. We had to face new challenges, new teachers, and deal with being tormented and pushed around in the unfamiliar halls. It wasn't what we thought it would be like; Freshman year was full of new experiences and relationships that would last throughout high school. The work got harder, but that was already a given, and you have so many things to keep track of but that is part of growing up and becoming more mature. High school is said to be the best years of your life, being a Freshman you don't realize how fast it'll go by. New and harder classes, challenging teachers, experiencing Spirit Week for the first time, we don't face these new experiences too often, so it's good to say that our Freshman year was a successful one.

Sophomore Year

"I just remember getting my permit and not having to worry about being a freshman anymore. I'll never forget the 3-hour long Code Gray."-Samuel Gay

"Everyone was super close and not clique-y. We all started making closer friends. And of course, no one will ever let us forget the divas!"-Sabrina Dobosz

Sophomore year... a sigh of relief. No more being the little freshman and the target of embarrassment. We still knew we were in the middle of high school looking forward to two more years, but this was the beginning of many lasting friendships. This seemed to be a year of finding yourself and trying out new things. We were watching the new school being built and cracked down on getting ready for MCAS. It was infamous for our three hour Code Gray. It was a year filled with sweet sixteens and the excitement of being new on the road. Sometimes when you look back and think of all the memories and times that make high school worthwhile, you will notice that sophomore year was the beginning of a whole new experience.

Junior Year

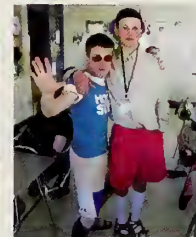

From the first day of freshman year every student anxiously awaits the day where they can officially call themselves an 'upperclassman.' As a junior, you aren't at the top of the chart, but you are no longer the fresh meat at the bottom. You have finally earned yourself a little more respect, but being an upperclassman isn't all that it is cracked up to be. Academically it is your most important year. The majority of this year guides you toward college. Your stress level tends to skyrocket with SATs in sight. It is nerve-racking knowing that your future is based on one test. Don't get me wrong, junior year is a blast, but it is not always fun and games. It is hard work, but in the end it is worth it.

Joe Chapdelaine doesn't let a broken thumb ruin his spirit week.

How did you feel about the transfer to the new school?

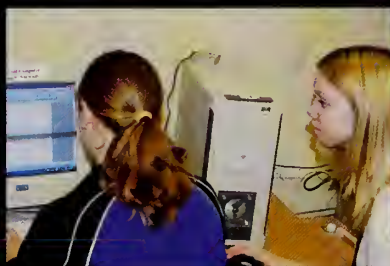

"Moving from one school to another definitely took some time to get used to, but after it was complete it was worth it. The new one has its advantages."

Marcus Macdonald and Kyle Allaire dressed up during spirit week.

How did you figure out what you were going to wear on "Would you still be my friend if I dressed like this?" day?

"To be honest, we went into Savers and just picked out the most random, ridiculous things we could find."

FRIENDSHIPS, MEMORIES, AND GOOD TIMES

Compadres

Best Friends of 2009

Best friends are not the people you're always with or the ones you've known since you were a kid; they're the people who love you for who you are and who accept all your mistakes. They laugh with you when you're happy and shed tears with you when you're sad, and they won't leave you no matter what happens. These best friends have shared plenty of memories and have been together through it all.

RING THE ALARM; THE FIRE'S IN THE ROOM...

Homecoming

Powder-puff cheerleading is a favorite tradition at the Chicopee Comprehensive High School Homecoming celebration. Junior and senior boys get together as a class to put together a routine filled with dancing and stunts. Both classes put on great performances, but when the votes were tallied the seniors were defeated by the juniors. The second part of homecoming is announcing

the Homecoming King, Queen, and Court. Shawn Picard and Kaitlin Joslyn were crowned Homecoming King and Queen at this year's festivities. The court consisted of Erica Zimmerman, '10; Ana Martineau, '11; and Kelsey Martin, '12. In spite of an unexpected fire alarm set off by the gym showers, the night was a great success and highly enjoyed by all who attended.

Traffic

An Unpleasant Experience

Traffic is a daily obstacle for students and faculty members at Chicopee Comprehensive High School. Each day students, mostly seniors, rush out of their seventh period classes to beat the "traffic parade," a curse in our school. If you do not beat the rush you will be trapped by the busy flow of buses, parents, and fellow students trying to get home. Senior Eric Beaulieu recalls, "I remember the first

time I tried to beat the traffic out and I was trapped in the student parking lot surrounded by honking horns and frustrated students. As several minutes went by I finally saw an opening and went for it. I was nearly struck by an oncoming car because they did not want to let me in. Since then, I always wait for the "traffic parade" to pass, which may take up until 2:35!"

What They Think

Samantha Beck

"It sucks!"

Amanda Peloquin

"It's bad most days but if you find people having a good day and they will let you go, you're set!"

Cindy Zheng

"It's ridiculous . . . way too many cars. They need to open Rolf Ave so there's more than one exit and entrance!"

This student is wondering why there isn't another entrance/exit that is available to use.

Students believe this fence should be eliminated to decrease traffic and stress in the morning and afternoon. There have not been any changes yet.

Parents and students are trapped behind the buses on their way out of school.

HALLOWEEN, CHRISTMAS, NEW YEARS & ALL THE REST

Holidays

Good times with good friends

There are many holiday traditions here at Chicopee Comp that we all look forward to every year; whether it's to earn Spirit Week points or to get crazy pictures with friends, every student truly anticipates being together during these special times. Students at Comp can't wait for October to come so that they can dress up as their favorite movie character, pop-star, or superhero. On Halloween, every step down the hall reveals another unique costume that turns heads and results in a good laugh. Turning pumpkins into jack-o-lanterns

and going trick-or-treating seems to never get old. As we move on into November, Thanksgiving is on every student's mind. Senior Stephanie Wheeler says, "Turkey Day is a great holiday to get together with family and enjoy the lovely food." Once winter break rolls around, all the kids are eager to exchange gifts and ring in the new year together. These are the pictures that capture all those exciting holidays that we love throughout the year.

Must Haves

Everyone has something that they feel they "must have." Whether it be a certain cell phone, purse, or hair style, everyone has that one special item that they can't live without. The *Memini* staff polled the senior class and discovered that the majority felt that they absolutely could not live without their cell phones. Although cell phones may have received the most votes, other possessions such as iPods, North Face jackets, and designer clothing were still very popular.

What are your must-haves?

Marcus MacDonald

"I can't live without my cell phone! Texting is da bomb!"

Anthony Rosa

"Gotta have my music!"

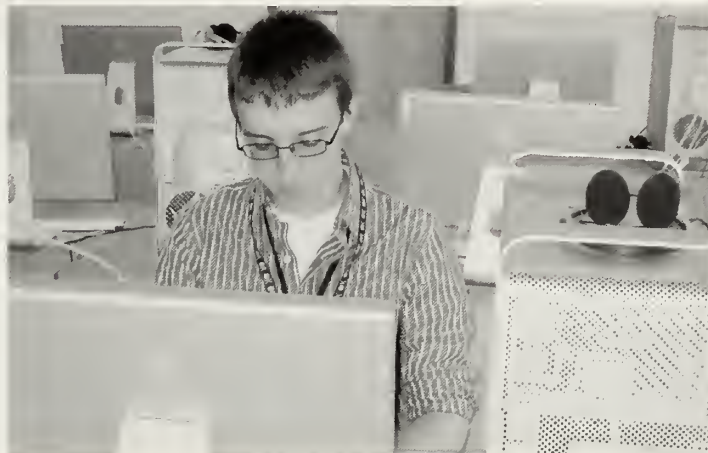

Ashley Smith

Vacations

According to Merriam-Webster, a vacation is “a period spent away from home or business in travel or recreation.” However, you don’t need a dictionary to tell you that a vacation is supposed to be fun. Infact, most students would say that vacations are their favorite time of year. We look forward to breaks

during Thanksgiving, Christmas, Winter, Spring, and Summer. We spend our vacations in many ways some vege on the couch, some go out of the country, some spend time with friends, others spend their vacation at home with their family. No matter where you go, one thing is for sure, everyone loves a vacation!

What they say about Vacations

Kelsey O'Connor

“I love taking vacations. I wish we had summer vacation all year!”

Sean Smith

“I just love vacations! I wish sumer lasted forever!”

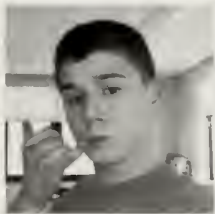

Ms. Fahey

“The most interesting vacation was when I went to New York with my son and walked the red carpet for the VMAs. I met The Osbornes, Britney Spears, and a lot of cool people.”

student PRIDE

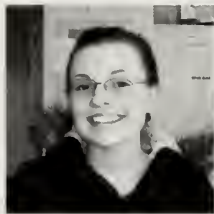

Taking pride in CCHS

Eric Beaulieu

"I show my school pride by getting involved with many activities. My favorite is spirit week. Go '09!"

Kirsten Pasterczyk

"I show my student pride by going to the games and participating in spirit week and trying to get other students to show their pride."

Elizabeth Drobnak

"I show my school pride by participating in all the spirit week activities. Go Seniors!"

Top Left: Shai'ann Pertillar and scores of other students show the new CCHS to family and friends at Open House.

Top Right: Michael Connor does CCHS proud at the Special Olympics.

Center: David Dziewit, Jessica Brown, Dan Roberge and Zac Bono represent the student body during the NEASC accreditation visit.

Bottom: Holly Allen campaigns for chocolate pie during the Advisory Pie-Off in November.

Left: The cheerleading squad pumps up the crowd at the Sword Rally.

Below: After a long, exhausting soccer practice what do Brett Russell and Ryan Malone do? Support the Girls' Volleyball team!

Left: Nadine Pasterczyk and Sara Moller sell raffle tickets at Open House.

Below: Junior Vassilos Karsaliakos delivers a pep talk to Mike Beliveau during a Cross-Country meet.

Trying to get to know the students of Chicopee Comprehensive High School, we sent a survey to all grade levels. We asked a total of ten questions and received hundreds of responses. Then we separated the responses by grade level and tallied the results. There was a very diverse selection of answers, but here are some of the most popular ones for each class.

Q Who is your favorite teacher?

A Ms. Goudreault

Q What is your favorite school event?

A Spirit Week

Q New building or old building?

A Old building

Q Who is your favorite teacher?

A Mr. Couture and Mr. Jendrysik

Q What is your favorite restaurant?

A Friendly's

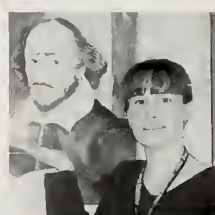

Q What is your worst fear?

A Spiders

Ms. Goudreault

"Ms. Goudreault has been the only advisor that has stayed dedicated to our class for all four years. She has a very fun and energetic personality. Her willingness to help others is truly appreciated."
-Aleesha Peters

Ms. Potorski

"Ms. Potorski is a fun, energetic teacher. Her personality makes her very unique from the other teachers. She makes learning interesting with her unique ways."
-Adam Beshara

Mr. Couture &
Mr. Jendrysik

"Both Mr. Jendrysik and Mr. Couture are great teachers. They both know their material well and present it in a fun, upbeat way, making learning easier and more interesting."
-Matt Roy

Ms. Wands

"Ms. Wands acts like a student herself. The students are able to talk to her more easily because of her young personality. She is very laid back and easygoing."
-Felicia Siclari

CTE careers

TOOL TECHNOLOGY

MACHINE

The Machine Tool Technology program prepares students for careers working in the manufacturing industry. Students learn computer aided design and become proficient in using a large variety of mechanical tools. Having access to state-of-the-art equipment ensures that they will leave high school highly trained technicians who are prepared for higher education or the workforce.

In machine shop, students learn how to use the equipment needed to make machines as shown by Sam Houle (top picture), Jessie Coloumbe (bottom left), and Brian Hill (bottom right).

"Machine shop is a great introduction into a career that you might be choosing."

-Justin Morse

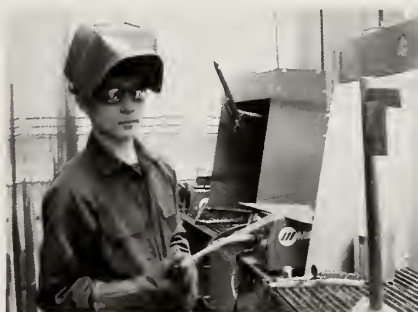

Many freshmen like to join the Career Tech program so that they can get a head start for their futures. Machine shop is one of the more popular courses chosen by students because it provides many job opportunities.

FABRICATION & JOINING

METAL

The Metal Fabrication and Joining Technology program prepares students for employment as welders and fabricators. Students learn a variety of methods for working with metals and apply this knowledge to both practical as well as decorative projects. Program participants are given the opportunity to work toward certification in welding.

**"Welding allows you to
use your hands more than
your brain"**

-Derek Kelleher

The metal fabrication program can lead to a great career in the field of welding. The members of this program often work with the other shops on joint projects.

TECHNOLOGY AUTOMOTIVE

Auto Tech is a very interesting trade because cars are always changing. Students in this discipline get the skills they need for a career in auto repair through working with state-of-the-art technology on actual cars as well as simulators. National certification is available through the National Automotive Technicians' Education Foundation.

ARTS

CULINARY

Sauté, bake, fry, broil, and boil, there's so much to learn in the fascinating field of Culinary Arts. Not only do these students learn to cook but the class also gets to run a restaurant together. Compaccino's has a appetizing menu and great service that only teachers and seniors get to enjoy. Culinary students partake in many different types of activities and exercises that prepare them for a career in food service and preparation.

Top: Frances Figueroa (left) and Megan Haas (right) roll their dough. Left, top row: Frances Figueroa, John Breault, Cecelia Morgan, Ricky Robichaud, Mariah Lebron, Tatyana Cherenov, Steve Lepage, Brandon Balathunis, Kim Myslinski and Alicia Deslauriers. Bottom: Shawn Dumont, Megan Haas.

CONSTRUCTION CARPENTRY

Carpentry students learn to plan and build a wide variety of projects in Comp's state-of-the-art shop.

Not only are students given an opportunity to construct smaller pieces, such as furniture, but they are also provided with large construction projects such as the dugout for HCC's ball field and set pieces for the CCHS musical, *Bye Bye Birdie*. Carpentry students will leave high school with valuable skills that will last a lifetime.

Bottom left: Shop members Nathaniel Clayton, Matt Zachowski, Amanda Natal, Alex Morneau, Jordan Gladu, Mike Rouleau, Mr. Stychiewicz, John Flynn and Slav Yanyuk pose for a photo. Bottom right: Alex Morneau waxes his project.

TECHNOLOGY DRAFTING

The Drafting program trains students to become Computer-Aided Drafting professionals. Students work on projects that are both two-dimensional as well as three-dimensional. With access to top-of-the-line technology, students are able to develop real-world projects that will prepare them well for the professional world.

Top left: One of the many creative projects executed in Drafting. Top right: Shop members Peter Tougas, Mr. Stevens, Nick Starke, Kevin Grant, Jeremy Forgue, Ric Williford, Tim Harris, Joe Lajoie and Matt Gosselin (front). Left: Steven Hoheb works on a new design for a project.

INFORMATION TECHNOLOGY

BUSINESS

The Business Information and Technology Department is part of Career Technical Education Department. Not only do we prepare students for the world of work, we give the student who will be majoring in business in college a head start. Students taking Math for Business Majors and Accounting can jump to higher level math classes at area community colleges.

Late-model computers in specially-designed labs spell success for the students fortunate enough to take advantage of the CCHS business program. Practical skills learned in these classes can translate into multitudes of disciplines.

INDUSTRY

HORTICULTURE

The Horticulture program prepares students to work as florists, greenhouse managers, landscapers and various other occupations related to the green industry. Students can seek employment right out of high school or pursue higher education in the industry.

Above left: Tyler Ciecko uses a circular saw to complete a project. Below left: Amanda O'Connor, Tiana Pagan, Tyler Ciecko and Brett Derosier are the veterans of the Horticulture program this year.

LIGHT/HEAT/POWER

ELECTRICITY

The Electricity program lets students work hands-on in a safe, modern environment.

Students who successfully complete this program are able to be employed right out of high school. Lesson topics include equipment, installation and maintenance of power, light and heat. Mathematical and scientific principles are utilized to understand electrical circuits and theories. Students perform experiments and do lots of hands-on work.

Top: Mariah Miller, Chris Chmura, Russell Rzewnicki and Patrick Lemelin show off their goggles. Right: Chris Kuenzel and Kenneth Proulx discuss some wiring. Far right: Danil Mikhaylechenko, Steven Vasquez-Valentin and Mischka Sosnin say "Cheese!"

-Patrick Lemelin

Electricity is a shop teeming with hands-on activities for students who love to be active. The skills learned as a part of this discipline will be valuable to its students for years to come.

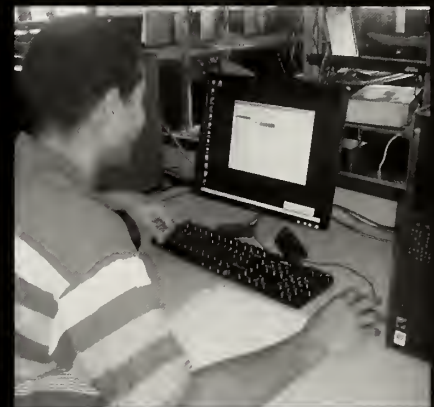

INFORMATION SUPPORT **NETWORKING**

The networking program provides work ranging from basic to advanced concepts. Working in a lab setting, they learn while being able to work hands-on. The course requires no prior knowledge of computers or networking. This shop prepares students for the CISCO Certified Networking Associate Exam, certification that will enable them to work right out of high school or pursue higher education in the subject.

It was the end of August 2008. School was right around the corner, and that meant that Cross Country was about to start. This would have been fine for those like Dan Roberge or Reed Sutherland who have been running since their freshmen year but this year was different. This year, instead of having five regular runners, Chicopee Comp had eighteen. And not only that, but we also had a new coach. Mr. Gonzalez, who is also a first-year Math teacher here at Comp. He took over the team from John Krystofik who went to coach AIC's Cross Country team. The team, who were fairly young, with eight sophomores, and four freshmen, will be the youngest team Comp has had yet. The boys finished the season 3-5 with wins against their cross-town rivals Chicopee, New Leadership, and Sabis.

The same situation applies for the girls. While they had a bigger team last year than the guys did, they too are experiencing an influx of younger runners. There are nine freshmen on the team who will hopefully keep with the sport throughout their entire high school career. Ms. Thayer also comes back to coach the girls, and they finished off the season 4-4 with victories against Chicopee, New Leadership, West Springfield, and Sabis.

Below: Coach Thayer writes down times for people crossing the finish line.

2009 proved one thing for the Chicopee Wrestling team: these guys won't need much time to reach the pinnacle of their sport. In only the second year of the program's young history, this season's team was able to exceed everyone's expectations; except their own. After posting a 1-15 record in the team's inaugural season, this season's squad bounced back with a 12-6-1 record, and a second place league finish. The program also had several wrestlers find individual success, as the team was led at Western Mass by a trio of Comp grapplers. Junior Dylan Casey finished as the Western Mass runner-up in only his first season on the team, followed by Sophomore Brandon Melendez and Senior Captain Victor Rivera, who both finished in 4th place at their respective weights. After making history as the first Chicopee wrestlers to ever compete at the state tournament, next year's team, which returns 12 of 14, will have even higher aspirations.

Soccer is one of the most exciting high school sports to watch. This year the girls' team had a great year and was led by amazing captains and a great coach. This was one of their best seasons. The varsity season ended overall with 16-2-1. In the division they were 10-1-1. Soccer is a hard game to play, but these girls are awesome athletes. They practiced hard and played harder. Some of the varsity players would like to go on to college playing soccer. Maybe we will get another chance to see them play!

BOYS' SOCCER

"Success is no accident. It is hard work, perseverance, learning, studying, sacrifice and most of all, love of what you are doing or learning to do"
-Pele

If you stop working for even a second, then that's what you'll be.

There were only three seniors on the boys' soccer team this year: Kyle Laplante, Mike Peloquin, and Marcus Macdonald.

The Chicopee Comprehensive Boys Soccer team ended a great season with a record of 8-8-3. They made it to the playoffs for the second season in a row, giving the Agawam Brownies a run for their money with only a 2-1 loss in the final minutes of the game. The boys were coached by Coach John Coburn; this was his fifth season with Comp. He was well respected by the players. The captains of the team were seniors, Marcus Macdonald and Kyle Laplante.

CCHS Spotlight

Although the boys' team is losing three great senior athletes, they still have some hope of being successful. A big part of the team consists of junior boys so Coach Coburn has a lot to work with next year. All of them have accomplishments to be proud of this season.

Brenden McClelland added 5 goals and 8 assists.

John Dunphy was one of the top three goalies with 151 saves.

Ryan Siefert was a key part of the Colt's strong defense.

Ryan Malone ended the season with 16 goals and 7 assists.

Brett Russell is a physical player that is key to the midfield.

The boys get together for the National Anthem before the start of their playoff game at Agawam Highschool.

Hockey

Don't go through life without goals

"We are on a mission to constantly improve."

-Coach Londraville

Below: Gene Meunier, 16.

Colts hockey in the 08-09 year was a tale of two halves. Coming off a disappointing season last year, the boys hockey team opened the season 0-8-2 for the first half of their schedule and all signs were pointing to another year in the cellar for Colts hockey. However, under the leadership of new head coach Mr. Londraville and the steadfast persistence of Seniors Tyler Gadoury and Peter Schofield, the colts tore through 3 straight wins to start the second half of the season; which culminated in an above.005 finish for the boys in the last half. With Sophomore defensemen, Dan Brown and Joe St. Jean, developing into true forces on the colts' blue line and new Sophomore addition Tyler Houle leading the team in scoring, the Colts' seem ready to turn some heads in the coming years as they work within Coach Londraville's mantra of "constant improvement."

The Lady Colts had a bright, but at times challenging, season. The beginning started off bumpy with four losses out of five games. Towards the middle of the season, the Lady Colts pulled it together and started to win their share of games. The turning point in the season came when the Colts upset the Ludlow Lions at a home game. This win is what motivated the team to work even harder for a spot in the tournament. By the end of the season the Lady Colts, for the first time in eight years, had secured a spot in the tournament. The team ended up being knocked out by the Agawam Brownies, but nevertheless, made a strong and valiant effort. Good job girls!

Volleyball

What time is it?!

Volleyball is a hard game to play. During the season, it's all about the team, the ball, and the Comp Colts. It's also a difficult and tiring sport to play as three of these pictures show. You have to be fast and ready to strategize to get the volleyball over the net. Your team may back you up but there is no place for a mistake.

"This year was the most fun I had coaching. Great team chemistry. We had many humorous moments as a team. Special memory: the tournament dance video." -Mr. Dobson

Left, Megan Noonan gets ready to set the ball while Steph Ryan is there to assist.

Right, Erin Sweeney helps Kim Abad warm up her bumping skills.

The coach's opinion:

They've been there through it all, now here are Mr. Dobson's comments on his four all-star Seniors who enjoyed a phenomenal season.

Mr. Dobson

"Best volleyball player to graduate from Comp. Brittany set numerous statistical records in her four years that will stand for a long time. Great team leader."

Brittany Dussault

Christina Martin

"All round specialist. Christina will also sit near the top as one of the best players at Comp. Her stats are also very impressive. When Christina's serve was on she was unstoppable. Great team leader."

"Improved greatly over her four years playing. Kelly was a dedicated player who always strived to be better. She was a key component in the team success this season. Serving specialist."

Kelly Joly

Kira Guyotte

"Kira made some spectacular digs this season. She played with complete reckless abandon, diving all over the court to get to balls. She was awesome to watch. She was always completely composed and never showed her emotions when playing."

“We rule.”

Game Day:

Erin Sweeney gets ready to set the ball. Setting the ball is very important in volleyball.

Christina Martin laughs it off as she misses the ball while warming up.

Brittney Dussault lands after spiking the ball. This caused Comp to gain another point.

“Best season for Comp girls’ volleyball. Finished regular season 18 - 1. Defeated 2 ranked teams during season: West Springfield and East Longmeadow.”

-Coach Dobson

COLT address

National Honor Society

The National Honor Society is an organization that selects its members based on the following criteria: students must maintain an 88 grade point average, have fulfilled significant leadership responsibilities, and participate regularly in community service activities. During the course of the school year, the members of the Society meet monthly in order to discuss community service opportunities and group activities. The National Honor Society advisor, Ms. Lori Parzych, helps to guide these students as they work to fulfill these expectations. This year, the group organized a bottle cap drive to benefit cancer patients, they donated money to Lorraine's Soup Kitchen and they are involved with student tutoring throughout the school year. Students are inducted into the Society in either their junior or senior years. The induction ceremony for the 2008-2009 school year was held on December 1, 2008. Featured speakers included Superintendent of Schools Mr. Richard Rege, Principal Stanley Kozikowski, Mayor Bissonnette, and English teacher Ms. Paula Goudreault.

NHS Officers: President Krista Pickett, Vice President Kimberly Dout, Secretary Jeff Rodowicz, Treasurer Lindsay Forrette

REACH

REACH is a program that is started in elementary and middle school and continued on to high school. This group meets after school to discuss problem solving strategies for both their community and made-up scenarios. They even enter local, national, and international competitions. This year, the Community Problem Solving team is working on animal welfare. "REACH unites students from different grades and social groups to work on solving one problem," shares senior Eric Beaulieu. "Often, our solution is a collaboration of group ideas as opposed to one person's viewpoint."

Left to Right: Jessica Brown, Eric Beaulieu, Jamison Jedziniak, Jessica Avery, Donnie Hedge, Lauren Tauer, Advisor Aubrey Gomes

As Schools Match Wits

Once a year, Chicopee Comp sends a team of four academically-sound students and one alternate to compete in a regional television game show, As Schools Match Wits. The competition is held at Westfield State College and the show airs for a half an hour. The team seeks to answer questions about Math and Science, Arts and Entertainment, Literature, Social Studies, World Events, and General Knowledge. This year, Comp competed against Sabis International. Team members include (from left to right) Zachary Wagner, Matthew Dobosz, Krista Pickett, and Molly Barone (coach Mr. Zdroykowski is shown in the bottom picture). In addition to answering questions and thinking quickly on their feet, students also had to contend with an interview portion. It's not quite Jeopardy!, but the students had fun and celebrated a victory against Sabis with a score of 165 to 80.

Class Officers

Sophomores, Juniors, and Seniors

Each year, students are selected by their classmates and elected into President, Vice President, Treasurer, and Secretary positions. The officers help to organize fundraisers, plan class events, and collect class dues that eventually help to finance Senior Week. Even though it's a lot of work, all of these class officers agree that working for their class is more than worth it.

Creative Writing Club

You never know what to expect at Creative Writing Club! Ms. Wands is the advisor of this small, close-knit community of Comp's future authors. At Creative Writing Club you can read other members' work, have your work edited and critiqued and get information about how to be published. Maybe one day you'll be reading a magazine with an article by one of the club's members, or maybe they'll write the next great American novel!

Drama Club

Members of the Drama Club include: Ms. Boyer, Ms. Fennessey, Connor Richter, Matt Dobosz, Jackie Purcell, Anjilah Clawson, Elizabeth Drobnak, Tyler Breton, Shallisa Vasquez, Mrs. Field, Rachelle Croston, Ms. Freisberg, Mr. Mashia, Jessica Brown, Jessica Avery, Holly Allen, Adam McClellan. Stage Crew for "Bye, Bye Birdie": Nate Hedges, Victor Soto, Mike Moran, Josh Clark, Lindsay Forrette, Steve Lepage, Kurt Laplante.

Student Council

Student Council at Comp meets with advisors Mr. Jendrysik and Mr. Zdroykowski. They sponsor school events, canned food drives as well as class officer elections. The Student Council officers are Cameron Martin, President; Kirsten Pasterczyk, Vice President; Ashley Smith, Treasurer and Lindsay Forrette, Secretary.

Skills USA

Advisors: David Williams and Patricia Coleman

SkillsUSA is a national organization that seeks to advance the skills of Career Technical students by providing them with opportunities to compete, network, and practice their chosen trades. CCHS is fortunate to have a chapter that repeats its success year

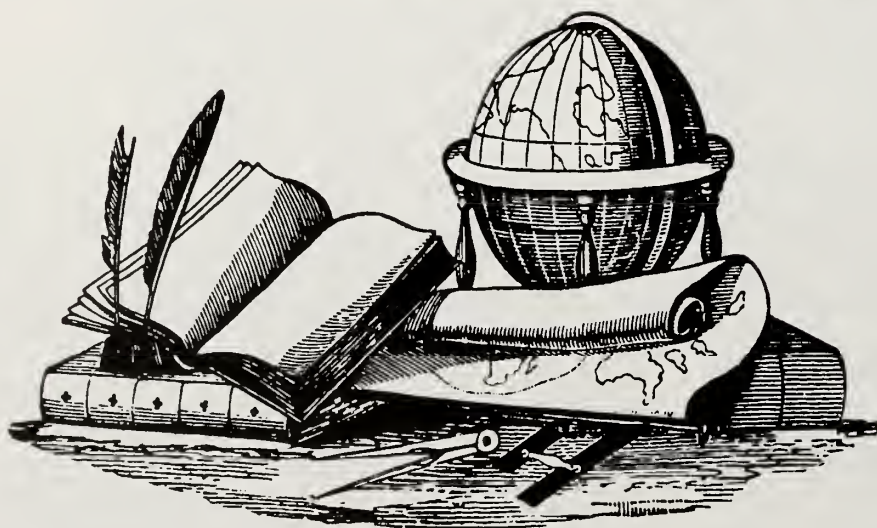

after year. These dedicated students are bound to enter the workforce a little more prepared and confident due to this valuable experience.

Salsa Club

Advisors: Marianela Hernandez and Lisa Breen

Why salsa dancing? It's a great way to get fit, and it's fun! None of the music and dance lovers who frequent this activity would deny the power of the beat. The rhythm is gonna get ya. Oh yes, it is.

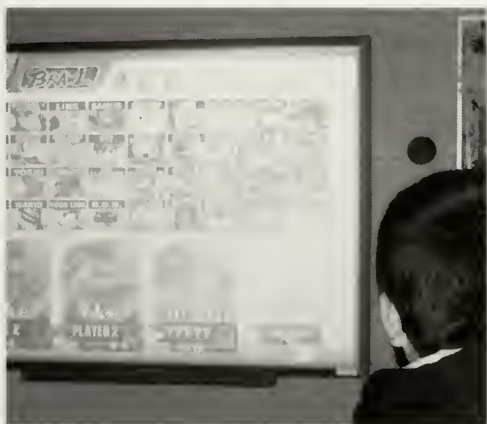

Academic Decathlon

Advisor: Chuck Jendrysik

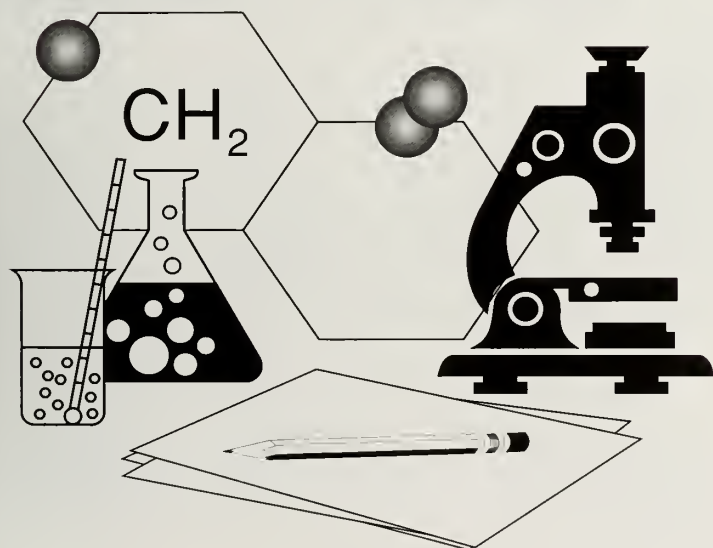

Academic Decathlon is an outlet for the future SOJ's, or Superstars of Jeopardy. These brainiacs meet weekly to prepare for contests where they compete against other schools in topics such as written essay, impromptu speech, music and all major academic areas. With luck, their effort will be repaid with a trip to Nationals in April!

Game Club

Advisor: Michele Foley

The Game Club meets every Tuesday. In this club, students come together to play their favorite games. Some love playing video games on the SMARTBoard, while others enjoy classic board games and cards. Regardless of individual preferences, all of the Game Club members manage to have a good time.

Science Club

Advisor: Lisa Bruso

Did you ever wonder about the effects of your backpack on your spine? This was just one of the many questions Ms. Bruso's science club sought to answer this year, setting up a scale in the main hallway to provide a valuable service to all who stopped by.

Weight Training

Advisor: Jeffrey Peterson

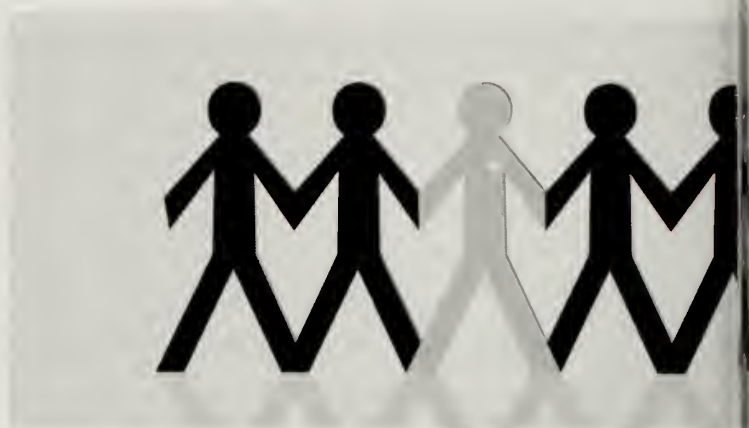

CCHS has a brand new state-of-the-art weight room, and Weight Training Club provides students who aren't involved in interscholastic athletics an opportunity to use the equipment and stay healthy. It is also good for the student athletes between seasons because it provides them an opportunity to stay in shape for their upcoming sport.

Gay Straight Alliance

We are all created equal!

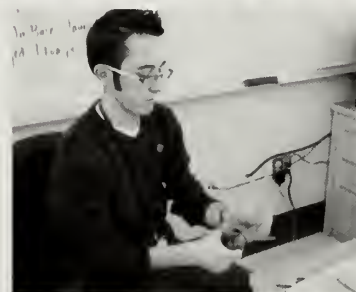

Every person should be treated just as fairly as the other. Unfortunately it does not always work out that way. This club helps make students feel comfortable with who they are and how they live their lives. Remember, we are all equals.

Renaissance Club

For every good deed comes a reward.

The Renaissance Club is a rewarding club for every student at Chicopee Comp. One of their programs is called The Good Samaritan program, which rewards students for kindness and showing leadership. Helping people is contagious, so if someone helps you, give back and help someone else!

Key Club

Helping the community one step at a time.

Key club is not about keys. It is a club led by students that is based on community service. This club helps students build leadership skills and show character. It is a great club to join if you love to help others. There are great opportunities to volunteer at functions such as the Breast Cancer Walk and The Knights of Columbus Spaghetti Supper. Walking to support women with breast cancer is such a wonderful feeling. Serving spaghetti to your elders and families is helpful and also so much fun! Another activity that the Key Club participates in is making cards to support our troops in Iraq and Afghanistan. Helping out the community is great to put on a resume and it also shows others that you care.

Project Peace

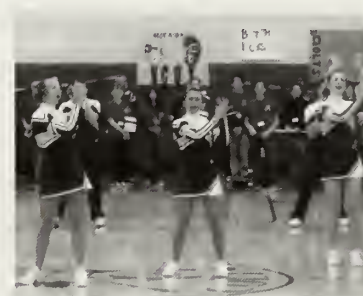

Making the world a better place!

Project Peace, also known as F.A.C.E., is a fun and very helpful club. The two advisors who run this club are Ms. Pohlman - Chomiak and Ms. Manteria. Project Peace is a great way to make our community and the world a better place one step at a time. Participating in "green" activities such as cleaning trash from roads and wooded areas and making sure streams and rivers are clean and pure is the heart of Project Peace.

Cheerleading

Go Colts Go!

Cheerleading is a great activity to join if you're spirited and want to show your support. It keeps you active and you can represent Chicopee Comp's athletes. Go Comp Colts!

Future Business Leaders

Get ready for your future!

The Future Business Leaders Club is a great organization. It prepares students who are interested in business-related careers. They are introduced to real business owners and conferences. Get ready for your future!

S.A.D.D

Students Against Destructive Decisions

S.A.D.D., also known as Students Against Destructive Decisions, is an awesome program. Being in high school is tough and wanting to fit in is everything, but following the crowd is not always the best choice. This club helps you make the right decisions without feeling like an "outcast". Do the right thing!

Color Guard

Advisor: Alexis Patridge

Coached by last year's captain Alexis Patridge, the Color Guard continues to entertain and amaze at various athletic events. Being a Color Guard superstar isn't easy. It takes rhythm, coordination and nerves of steel. For the proud members who bear the flag, the many hours of practice are well worthwhile.

The CCHS Chorus added musical theater to its repertoire this year with its collaborative project with the Drama Club, *Bye Bye Birdie*. The first full-length musical produced at Comp was fueled by the musical talents of Ms. Borowiec and many members of Chorus. Let's hope this tradition continues for years to come!

Chorus

Advisor: Natalia Borowiec

Art Club

Advisor: Paula Fahey

Many students at Comp are gifted with artistic talent. The Art Club provides these individuals with an opportunity to work uninterrupted in order to prepare their displays for the spring art show, an event greatly anticipated by both the staff and students at Comp.

Band

Advisor: Robert Raymond

Daily the CCHS marching band could be seen diligently practicing their steps and music in the student lot until late in the afternoon. Fortunately their hard work paid off because they have become quite the force to be reckoned with, as seen above at the Thanksgiving Day Game.

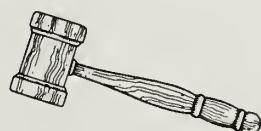

COMPosition

Advisor: Robert Meulemans

What do you get when you cross Art Club with Creative Writing Club? The answer to that question would be COMPosition, a once-yearly art and literary magazine created and produced by the gifted artists and writers of CCHS.

Debate

Advisor: Joe Fogarty

Comp's interscholastic debate team enjoyed a great deal of recognition this year from the Connecticut Valley Debate League. Jessica Avery and Sana Safeer both received the 2009 Best Novice Debater Second Place Award, and Kristen Veber received the Paul Browning Award for the Most Improved Varsity Speaker 2009. In addition, Elizabeth Drobnak, Joel MacAuliffe and Adam McClellan turned in consistently outstanding performances.

ART!

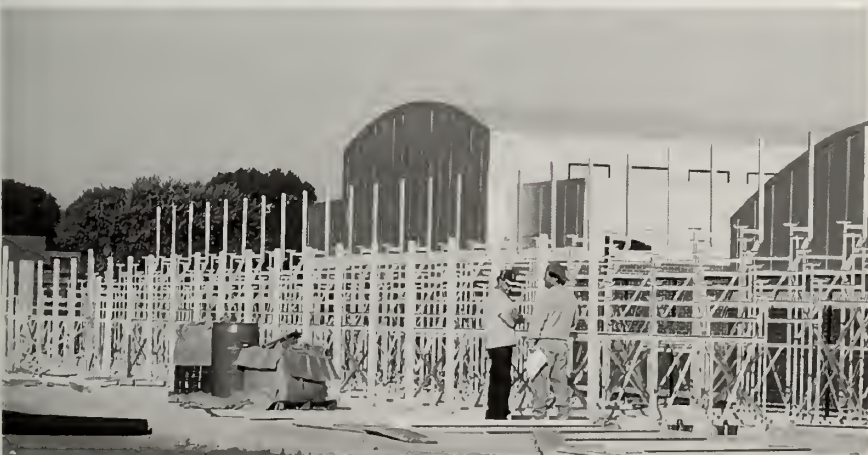

Since 2005 Chicopee Comp has not been able to host a home game. The only option we had was to turn to Chicopee High's home turf at Szot Park, which wasn't as motivating to our athletes. Past graduates could not even hold the graduation ceremony near the school where they earned their high school diploma. As time goes by, everyone can see the improvement and progress in the new field. With graduation only a few months away the class of 2009 is hoping to be the first to be able to finally graduate on the new field and show off our beautiful high school.

The Field of Dreams

Finally, it's done! After the long wait The Field of Dreams is finally complete. The Colts can play on our own turf and know that this is our field. Hopefully, our new field will motivate all of our athletes and lead us to victory.

Katie,
Grandchildren are the
ultimate gift of all things
wonderful. As you approach
this very special time,
please know how proud we
are of you, and all of your
accomplishments. Reach for
the stars Kate!! You really
are special!!

All our love, and best wishes
for everything you want in
your future,

Dear Katie~ please remember;

You have been a constant
source of pride and endless joy.

You epitomize the true
meaning of beauty, both inside and
out.

Continue to carry yourself
with the innate grace and biting wit
with which you were blessed.

Always follow your heart and
your will reveal itself...

We love you-

Brittany

It seems like just yesterday
you were so small and now
you have grown into a
beautiful young woman.
Always remember how much
you are loved and how very
proud we are to have you as
our daughter.

Listen to your heart,
follow your dreams and
always be happy!

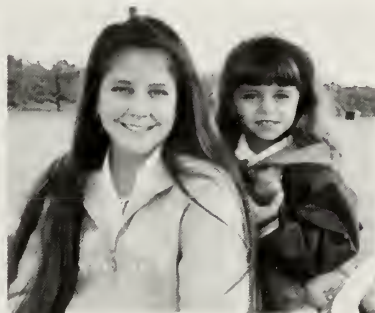

Love,
Mom, Dad and Nick
(Toby too)

Brittany,
We love you like you're
our own daughter. We are
so proud of all your
accomplishments. Know
that we will always be
here for you.

Love,
Your favorite Aunt, Kimmy,
Jay, Hunter, and Kylie

Best of Luck to the Class of 2009!

With fondest wishes,

Mr. Kozikowski, Mrs. Fennessey, Officer
Morrissette, Mr. Peterson and Miss Sullivan
